NOVUS TSS column 445 with system clamp 1 (14-40 mm)

The Tetra Support System is the adaptable innovation for the modern workplace and provides you with a wide range of individually tailored mounting options. Extremely versatile, this system comes in a quality that is second to none. The 445 mm long aluminium column (diameter of 51 mm) serves as a support column and can be mounted on any desk with a desktop thickness of 14-40 mm using system clamp 1. The four slots in the column will take up a wide range of supporting elements. Two cable clips are included as a practical aid for routing cables.

Version	Art.No.	Bar code
